

Paw Patrol Temporary Tattoos

Dear Parents:

Kids LOVE tattoos!! We would like your permission to place temporary tattoos on your child. The tattoos are small- anywhere from 2-3 inches. They are safe and non-toxic. They will come off with soap and water. I have read reviews and some people say they come off in just a day, some say they have lasted a week or so. Most people say they come off with soap and water, some have used baby oil. We would place the tattoo only on the hand, arm or face. If you do not want us to place the tattoo on a particular area, you may circle that area below. Or, if your child may be sensitive to this, and you don't want them to participate, you may indicate that by checking that line.

Please return this form to the preschool at the front desk. This permission slip will remain in effect during your child's time here at preschool, since we may repeat these tattoo activities multiple times per year.

I, _____, give my permission for _____
to receive temporary tattoos at *Little Badger Christian Preschool*. I prefer that he/she does NOT receive the tattoo on his/her (circle all that apply) arm hand face.

____ I prefer that my child NOT receive temporary tattoos, and NOT participate.

Date: _____
